

# Dual View Under-the-Door Camera

The Zistos<sup>®</sup> Dual View Under-the-Door Camera is a valuable addition to any Tactical System, providing a safe and covert view both forward looking into a room and upward looking up at the back of the door. Illumination control on WalkAbout selects which camera to display.

**Features:**

- Two Miniature CCD's recessed in tongue
- IR illuminated
- Frame integration electronics provides superior image in total darkness
- Requires only a ¼" (6.4mm) door-to-floor clearance
- Integrated miniature microphone adds audio
- Audio enhancement circuitry amplifies low sounds while suppressing loud sounds
- Detachable pole with universal joint affords safe deployment and horizontal panning of room
- Direct video cable connection (without pole) for static surveillance situations
- Compatible with all Zistos systems through **VisionFlex<sup>®</sup>**
